5TAG-EIGENBAU

Crash-Crinkle

Stock no. :1053-009433A

MACHINE-DATA

Machinetype	: Crushing machine
Make	: 5TAG-EIGENBAU
Type	: Crash-Crinkle
Year	: 2003
Control type	: conventional
Control	:
Storage location	: ab Lager Krefeld
Origin	: Germany
Delivery time	: immediately
Quotation	: ex Warehouse, FOT
Price	: on request

TECHNICAL DATA

Working widths	Eingangsbreite 400	mm
Clouth speed	20	m/min
Fabric content	50	m
air pressure - required	6	bar
voltage	380 V / 50	Hz

TECHNICAL DESCRIPTION

Crushing-machine for getting crush-effects in warp-direction.
The cloth is feeded into a funnel by a setting unit.
The pneumatical controlled plunger puts the fabrics into the guide tube vertically and horizontally. The fabrics will be pushed into the hose which is slipped over the guide tube and then pressed. Afterwards the closed hose will be treated by saturated steam.
